

CHILDREN
OF THE NATIONS®

Congratulations to Matt Panos

Matt Panos joins Children of the Nations as Vice President of Advancement

Matt has spent his entire career in advancement and development with organizations such as Food for the Hungry, St. Jude's Children's Research Hospital, Feed the Hungry, and Eckerd Kids. A common theme with each of these organizations is the focus on child development and growth, Matt said, exemplifying Children of the Nations' mission.

"We are grateful that God has called Matt to be a part of the solution to a child's prayer," said Chris Clark, CEO and founder of Children of the Nations. "Matt's experience and genuine heart will make him a tremendous asset to Children of the Nations."

JDA was honored to help COTN find just the right addition to their team and know Matt will help further their mission in the years to come!
